

TIDWIT ACHIEVES SOC 2 TYPE 2 CERTIFICATION

SETTING NEW STANDARDS FOR SECURITY AND RELIABILITY

Reston, December 5, 2024 – TIDWIT, a leader in ecosystem enablement and AI solutions, proudly announces its successful SOC 2 Type 2 (SOC2T2) certification. This achievement underscores TIDWIT's unwavering commitment to delivering secure, reliable, and trustworthy solutions for its clients and partners worldwide.

SOC 2 Type 2 is the gold standard for information security in today's digital age. It validates that TIDWIT's systems and controls meet rigorous standards for security, availability, processing integrity, confidentiality, and privacy.

"Our SOC 2 Type 2 certification demonstrates our dedication to safeguarding our clients' data while enabling seamless, AI-powered collaboration across ecosystems," said Will Yafi, CEO of TIDWIT. "This milestone reflects the hard work and dedication of our team to provide a secure and trusted platform for our global partners."

This certification strengthens TIDWIT's position as a trusted technology partner, ensuring that businesses relying on its platform for ecosystem engagement can do so with complete confidence.

TIDWIT revolutionizes how organizations collaborate across ecosystems. Using cutting-edge AI and automation, TIDWIT connects businesses, simplifies workflows, and enhances data-driven decision-making.
